

BEAM WIDENER

- ❑ Fits all GYMNOVA beams bodies
- ❑ Widened the support surface
- ❑ Help to reassure gymnasts during the initial learning stage
- ❑ Allow to work elements at competition height without pressure
- ❑ Tactile marker points with different types of foam allow to recreate the 10 cm standard beam width

TECHNICAL FEATURES

- Same cover as standard beam body
- Hook and loop attachment
- Length = 2.50 m
- Width = 25 cm

Backward flexibility practice with **Ref. 3682**
