

SPECIFIC VAULTING MODULES

- ❑ Allow several gymnastics movements for vault such as round-off moon, Tsukahara, Yourchenko
- ❑ Provide a significant additional power to allow gymnasts to surpass themselves
- ❑ Improve the first flight's work while learning the moon
- ❑ Thanks to the marking, the impact zone is clearly visible and helps the gymnasts to be well positioned both on the vaulting table - **Ref. 8062, Ref. 8065** - and on the springboard - **Ref. 8071**
- ❑ These modules avoid micro injuries due to repeating shocks on the springboard and on the vaulting table
- ❑ These modules can be used on Baby-Gym sessions
- ❑ Easy to install
