

GYMNOVA

CRUSHED CHALK

99,7%
EXTRA PURE

Essential for the practice of gymnastics, the new GYMNOVA Chalk range is Made in France and safe for gymnast health.

This new chalk made in France and guarantees purity of 99.7% protects and sanitizes hands 10 times greater than standard chalk.

Thanks to its fine porous texture, it provides **optimal coverage** and ultimate grip on Gymnasts hands. Giving **effective grip** for training and competition. Its composition absorbs perspiration which gives better grip avoiding hands slipping from the bars. Its ultimate grip improves performance on all apparatus.

Combining the best ingredients **GYMNOVA offers the best chalk which conforms to food grade chalk.** GYMNOVA chalk is none toxic by inhalation or ingestion compared to standard chalk.
