

LEARNING BEAMS

Ref. 0335

Ref. 0312

- ❑ The supple and impact-absorbing foam of the learning beam makes them comfortable and stable
- ❑ Ideal for working on balance and coordination
- ❑ Can be connected with other components of the Educ'Gym range in educational circuits thanks to the hook-and-loop strips
- ❑ Support the development and refinement of psychometrics of kids
- ❑ Helps to learn the basics and new techniques at floor level
- ❑ Help reduce anxiety for beginners

TECHNICAL FEATURES

- Very light and made of dynamic foam, non-slip base
- Suede top identical to beam's body
- Hook-and-loop strips
- Phthalate-free 1.000 denier PVC cover with M2 fire rating

2 available references:

- **Ref. 0312 - DYNA' POUTRE**
 - Dim. = 150 x 25 / 10 x 15 cm (Lxwxh)
 - Adaptable on the Vario vault
 - Colour: Pink
- **Ref. 0335 - MAXI DYNA' POUTRE**
 - Dim. = 150 x 24/15 x 8 cm (Lxwxh)
 - Thanks to its dimensions and a high-density quality foam, this beam gives a better stability
 - Colour: Yellow
